

DYNAMO FENCING CLUB 3122 - 12811 ROWAN PLACE, RICHMOND, BC
Tel: 778.862.8467 e-mail: igor@dynamofencing.com

August 31, 2009

Dear Sirs:

RE: INSTRUCTION IN THE SPORT OF FENCING

Let us introduce your students to the sport of Fencing. We offer fencing instruction to students and teachers of all ages and all abilities. My father and I have developed a Fencing program for the student body that is second to none - our program is simply the best instructional program being offered. Your students will be impressed and inspired and asking for more.

I am Igor Gantsevich, PanAm Championship and World Cup medallist, Fencing Instructor and Canadian National Fencing Team Member. My father is Master Victor Gantsevich, coach of the Canadian National Epee Team, Canadian Jr. & Cadet National Epee Team and owner and coach at the Dynamo Fencing Club, a recreational and competitive club dedicated solely to the sport of Fencing. Together we will bring the Sport of Fencing to your school.

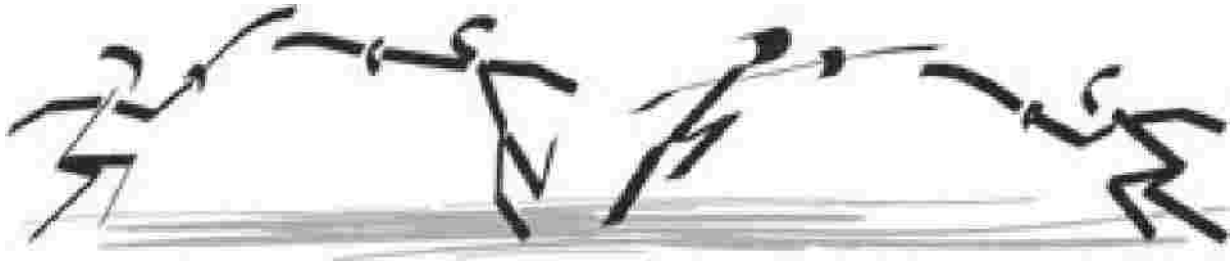

Our Instructional Program covers the art of fencing, the history of the sport, and Olympic fencing, as well as providing a fresh and innovative approach to instruction that will enthuse and excite even the class skeptic. The goal of our Program is to introduce your students to this unconventional sport. Your students will fence! Your students will learn fencing specific skills and strategies, increase their balance and flexibility, coordination and flexibility all while building their confidence and self-esteem and sense of self-worth. Regardless of one's physical abilities or athletic prowess, the sport of fencing is beneficial to one and all.

We will contact you shortly to discuss our Program. Alternatively, you can contact me, Igor Gantsevich at (778) 862-8467 now to book one of our Instructional Programs for your students. You will not be disappointed. Your students will not be disappointed.

Thank you.

Yours truly,
DYNAMO FENCING CLUB

IGOR GANTSEVICH
